SYNOPSIS:

The residents of a small, southern town are forever changed when the tattooed, sweet-talking stranger Josie (Sophie Turner) struts into town. But her true intentions for arriving in town are far more sinister when her dark past comes to light.

ABOUT THE CAST:

SOPHIE TURNER ("JOSIE")

Having trained from a very early age at the Playbox Theatre Company, Sophie's breakthrough role was as 'Sansa Stark', the eldest daughter of House Stark in the hugely successful Golden Globe, SAG and EMMY award winning series GAME OF THRONES based on the books by George RR Martin.

In 2013, Sophie made her feature film debut in the lead role of ANOTHER ME from Fox International, directed by Isobel Coixet (ELEGY, PARIS JE T'AIME). For television, Sophie was seen in the BBC2, THE THIRTEENTH TALE, a chilling ghost story that examines family tragedy, Sophie played Adeline March opposite Vanessa Redgrave, Olivia Colman, Antonia Clarke and Robert Pugh.

In 2015, Sophie starred in BARELY LETHAL, alongside Jessica Alba, Samuel L. Jackson and Hailee Steinfeld. Directed by Kyle Newman, the film centers on a 16 year-old assassin who fakes her own death in pursuit of a 'normal' adolescence. Sophie plays an undercover agent who enrolls in high school to help capture the teen.

In 2016, Sophie starred as mutant Phoenix 'Jean Grey' in Bryan Singer's X-MEN: APOCALYPSE, alongside Jennifer Lawrence, Michael Fassbender and James McAvoy. The most powerful character of the X-Men, her powers are telepathy, telekinesis and mind control. She will be reprising the role of Jean Grey in the hotly new anticipated DARK PHOENIX out in 2018. Sophie most recently starred in her sixth series of GAME OF THRONES, this season was arguably Sansa's biggest season so far with her character overcoming obstacles and facing her enemies, making it one of the most talked about storylines of the series, GAME OF THRONES series seven returns this July.

In 2018, Sophie will lead in independent film JOSIE alongside Dylan McDermott, about a solitary man in a Florida town who develops a questionable relationship with a recently transplanted high school student named Josie (played by Sophie). Sophie has most recently been announced

to star in romantic film TIME FREAK alongside Asa Butterfield, it's the directorial debut of Andrew Bowler and is inspired by the Oscar-nominated short of the same name. The film follows a heartbroken physics student (Butterfield) who builds a time machine when his girlfriend Debbie (Turner) breaks up with him. Most recently she has been announced as the lead in X-MEN: DARK PHOENIX, reprising her role as mutant Phoenix 'Jean Grey', she will be joined by Jennifer Lawrence, Jessica Chastain, Michael Fassbender and James McAvoy.

DYLAN McDERMOTT ("HANK")
